GENERAL PART

1. Assignment

The assignment for preparation of the statement 2012 and for auditing the bookkeeping was given by the chairman of the association „European AIDS Treatment Group e.V. (EATG), Mr. Brian West. The assignment is based on the "General Terms of Engagement" of the „Wirtschaftsprüferinstitut“ in the version from January, 1st 2002. The amount of our liability is provided by § 323 Abs. 2 HGB. In relation to third parties Nr. 1 Abs. 2 and Nr. 9 of the "General Terms of Engagement" are authoritative.

My order for the preparation of the statement 2012 covers after this all activities which are required to prepare the engaged statement 2012 due to the books presented to me and stock proofs as well as the information sought to the accounting methods to be used under making of the closing entries. The bookkeeping is the responsibility of the company's management.

Furthermore I also had to judge the bookkeeping underlying the statement 2012 and the inventory by suitable measures on her order moderation.

Object of my order was neither the uncovering and clearing up of criminal facts of the matter, order adversities done such as acts of perfidy or embezzlements and offences made outside the accounting, nor the judgement of the effectiveness and efficiency of the organisation's leadership. I have laid out planning and execution, however, so that those irregularities which are essential for the accounting are uncovered with an adequate safety. The responsibility for the avoidance and the uncovering of irregularities lies with the legal representatives of the organization.

The professional general representation letter was handed over to me without any limitation or supplement and was taken to the records.

The leadership of the organisation confirms that the bookkeeping and the statement 2012 contains each assets, liabilities and delimitation such as all expenditure and profits and necessary informations have been given.

2. Execution of Assignment

The finance accounting, led by the organization by means of personal computer with the help of the program "Kanzlei-Rechnungswesen" of the DATEV e.G., was starting point of the work. For the construction the organization presented the bookkeeping 2012 with pieces of evidence and supplementary documents from which I have derived the annual invoice (according to annex 1).

The preparation of the annual invoice was carried out considering the accounting regulations applying to it including the supplementary principles of order-like bookkeeping.

All information, asked for clearings up and proofs have been furnished by the organization leadership and the employees named for the information willingly. As informers the organization leadership named Mrs Marie McLeod.

Type, size and result of the construction actions carried out by me are held tight in our working papers as far as not documented in this construction report.

The local auditing works have been done with interruptions in March 2013 by Mr. Hans-Joachim Wuttke, Dipl.-Bw., and Mr. Carsten Köhring, lawyer, Specialist of Tax Law, at the office of the association at Place Raymond Blyckaerts 13 in Brussels, as well in my office in Düsseldorf.

All effort and revenue accounts got a critical examination, subjected to piece of evidence-like samples connectedly.

The transfers posting required by the preparations works were included in a list and submitted to the organization for the one booking.

6. Explanations to positions of the inventory of property and the account for 2012

The schemes are sufficiently jointed so that further-reaching explanations can be renounced. Only the positions with whom it is combinations of different positions or an explanation is required are explained in the following.

The **member stock** of the organization has raised from 102 to 112. The contribution takings have raised to € 2.850,00. Some members joined within the year 2012.

The **demands** are expelled to nominal values concerning membership subscriptions as well as advances on travelling expenses, salary payments and designed costs on projects.

The **credits at credit institutions** proved by bank statements are judged to the nominal value.

Costs for event rooms as well as travelling expenses invoices from the year 2012 are essentially the **liabilities** of the organization in the amount of € 263.096,07. The deficit of 2012 reduces the reserve. A proposal of the Board will be presented to the general assembly.

The **accounting** is made by the organization itself since the year 2006. The costs being allocated to it of one's own are contained in the areas of personnel expenditures and office costs.

Volunteer time Recap 2012

Referring to the annual general meeting of the year 2012 we subsequently describe the voluntary service in EATG 2012. The service was generated by the members of the Board of directors, the internal auditors and different members of the Association, about overall 31 persons.

The volunteer hours executed were listed in timesheets. The hours which were fulfilled had been listed in a time table.

Clue of the hourly rate was to compare with the price, external employees would have been paid for their activities. The hourly rate we calculated is based on the salaries of the full time employees of the association in 2012 and their specific qualifications.

The price of this voluntary work has to be regarded as a illustrative figure as, and this is the idea of voluntary service, it has no market price, no official wage.

In order to get an idea of the real value of the performance, we have to compare the price of achievement with the real costs, which were paid for the meetings, the travel, communication etc.. They are part of the expenses presented in our "Account for the fiscal year 2012" – Annex 1. Presentations and Meetings are sometimes sponsored by companies, therefore these costs neither appear in the accounts nor in the price of achievement.

The value of performance in the schedule are the product of the costs according to the activity of the voluntary hours.

The summary dates were created by EATG.

Kind of activity	hours listed	price of one hour	value of performance
Travel	1.972	35,25 €/h	69.518,00
Internal Meeting	2.082	35,26 €/h	73.414,00
External Representation	1.575	35,25 €/h	55.519,00

Other	332	25,39 €/h	8.428,00
	<u>9.071</u>		<u>307.473,00</u>

We have to remark, that not all the members of EATG took part in this action.

31 volunteers (in the year before 29) that registered their time spent 9071 hours volunteering for the EATG, the average hours spent in one year per person came to 292 h/p.a. medial, with a monetary value of € 9.918,00, whereas the lowest was 11 h/p.q., and the highest 300 h/p.q..

Compared with the Volunteer Time Recap of the year 2011 the hours reduced from 11.158 around 2.087 to 9.071.

If we calculate the volunteer time with the price per hour (see previous page) and integrate this in our „accounts for the fiscal year 2012, and adding the common costs, of depreciation, personnel, expenditure of material and claiming of services - which amounted to € 1.076.382,04, then the notional value of the voluntary work is approximately € 307.472,00, which currently comes to 22,2 % of the total expenses.

The result then for the EATG would be a loss, since the surplus of the expenses are higher than the cash receipts.

The idea of voluntary service is that it is done without any expectation of payment.
