What's New?

Community Response to End Inequalities, the first months

Project CORE - "Community Response to End Inequalities" began in 2023. The project brings together **24 organisations**, including **14 national implementing partners**, and **regional networks**. CORE will support in country interventions, training, the exchange of good practice and innovative approaches, data monitoring and reporting and stakeholders' outreach, reviewing policy and legal barriers. **EATG is leading the stakeholder engagement work and will organise a knowledge hub** with European Sex Workers Alliance, Africa Advocacy Foundation, Correlation - European Harm European Harm Reduction Network.

SCOPE - Strategic Community HIV Prevention Empowerment: Project update

The SCOPE project aims at strengthening community engagement to reduce the gap in access and use of HIV combination prevention interventions.

SCOPE: Study trip

In December 2022, Juan Francisco Cabrera (EATG Member) from **Apoyo Positivo** - Spain visited **PrEPster/The Love Tank** - UK. They are now working together to develop a web project targeting migrant population and access to HIV-related resources. Tedo Bigvava from **Association Xenon** in Georgia visited **Gaïa -Paris**. Keep an eye for their blog posts to be published soon!

In May and June 2023, Anastasiya Yeva Domani from Ukraine will visit **New Generation Humanitarian NGO** - Armenia and Atanas Avramov from **Stronger Together, Association for Support of People Living with HIV** - North Macedonia will visit **GAT - Grupo de Ativistas em Tratamentos** in Portugal.

SCOPE: Funding for the translation/production of information materials related to HIV combination prevention

In 2022, **GAT** translated and adapted the PrEP campaign made by the **Africa Advocacy Foundation**. The **#PrEPafrik campaign** aimed to increase awareness of PrEP among African communities. The campaign reached 42,171 people with 1500 copies of printed materials sent to organisations and health services across Portugal.

In 2023, **Foundation for Social Education (FES)** in Poland will produce a publication about PrEP for healthcare professionals and users: covering basic information how to take PrEP, required tests before prescription and include a section on **PrEP and women**. FES will create a sticker for healthcare professional to indicate online and in their offices that they prescribe PrEP.

Meet the CP Member: Attila Krsják

Who is Attila Krsják in a nutshell?

A corporate communication specialist from 8 to 5, but in my free time I am a volunteer for a small foundation called ALTALAP. We provide rapid testing and counselling services for MSM, sex workers and people who use drugs. I am a PrEP user and a keen PrEP activist. I created Hungary's first PrEP information leaflet in Hungarian and doing PrEP education since. I was introduced to EATG by former member Tamás Bereczky, who also launched my activist 'career'.

What is that you like most about CPP and what makes the programme special?

I joined CP during the GA in Tallinn, because I wanted to strengthen my connections to fellow members. CP has given me knowledge and best practices that I can use at my community. I try to do my best to be an active involved member of the CP Programme Committee and I encourage all members to join as well!

ECAB with MSD on HPV vaccines

Combination Prevention and Partners in Science are convening a **European Community Advisory Board on HPV vaccination on 4 July**. An opportunity for EATG Members to look at safety and efficacy data of MSD's HPV vaccine, delivery models and address the research pipeline for STIs prevention/treatment.

Click here to apply by **15 June, 23:59 CET**.

WHAT'S NEXT?

- SCOPE Community e-meeting "Developments in PrEP Implementation Issues" on **7 June, 12:00-13:30 CET**. Click here to register!
- **European Meeting on HIV & Hepatitis 2023** in Rome, Italy (7-9 June). Speakers: **Harriet Langanke**, CP Chair. Interested in joining online? Contact communication@eatg.org.

In 2022, Attila spoke on access to PrEP in Hungary at the European Parliament event on "Equitable access to Oral Pre-Exposure Prophylaxis (PrEP) for HIV". Event co-organised by EATG.
